ANNUAL INDEX

January-December, 1976

A

Aquaculture

A Farm Pond for the Backyard ..... Apr. 140
A Pond for All Seasons ..... July 52

B

Beekeeping

Adopt a Colony of Bees ..... May 78
How to Learn About Bees ..... May 81
How Gramps and I Stopped the Bees from Swarming ..... May 83
How to Build a Honey Extractor .... May 86

Build-It

Every Garden Needs a Tool Shed ..... Mar. 61
A Practical Small Barn ..... Mar. 62
Making the Most of Your Garden Shed ..... Mar. 65
A Sturdy Garden Bench for Garden Watching ..... Mar. 66
An Indoor Plant Case to Keep Tender Plants Healthy ..... Mar. 68
An Inexpensive Seed Germinator .... Mar. 72
Handy Trays for Starting Seeds ..... Mar. 73
A Practical Home Cider Press ..... Oct. 108
A Durable Orchard Ladder ..... Oct. 113
Quick-Snip Fruit Picker ..... Oct. 114
An 'Add-On' Mansion for Martins .... Oct. 115
A Backyard Feeder for Your Feathered Friends ..... Oct. 118
A Growlight Planter Box..... Nov. 67
Fluorescent Growing Stand ..... Nov. 69
Mushroom Shelves for the Home Grower ..... Nov. 70
A Fan Trellis for Climbing Ornamentals ..... Nov. 72
A Small Garden Trellis ..... Nov. 73
A Trellis for Trailing Berry Vines ..... Nov. 74

C

Cheese

Step-By-Step to Your First Homemade Cheese ..... June 83
Cheddar Cheese: Make It to Taste ..... June 87
The Whey to Make Ricotta ..... June 90
Thistlehead Cheese ..... July 76
Homemade Cheese the French Way ..... July 82

Community Action

How Gardeners Can Help Save Endangered Plants ..... Feb. 110
A School Lunch Program to Be Proud of ..... Mar. 132
A Community Energy Plan; Davis Leads the Way ..... Dec. 30

Compost

Skip the Money, and Borrow Humus Instead ..... Jan. 80
Trench Composting: A Model for Africa ..... Jan. 150
New Jobs in the Compost 'Industry' ..... Apr. 86
Kinship and Compost ..... Aug. 134
Compost from Scratch ..... Oct. 79
Composting Conserves Your 'Grow Power' ..... Nov. 47
The Farallones Composting Privy .... Dec. 70
City Wastes in the 1800's Made It Back to the Farm ..... Dec. 74
Cities Use Composting to Solve Sludge Woes ..... Dec. 78

E

Earthworms

The Earthworm – Man's Best Friend ..... Sept. 127
'Worm' Your Way Into Business ..... Sept. 130
Is There a Worm Farm in Your Future? ..... Sept. 132
Taming Carolina Clay with Earthworms ..... Sept. 146

Editorials

Hawthorn: Tree with a Heart ..... Jan. 50
Small Is Necessary ..... Feb. 58
Tiptoe Through the Toxic Tulips ..... Mar. 52
The Landscape of Poetry ..... Apr. 46
Power from the People ..... May 46
The Chinese Connection ..... June 38
The Greening of the Green Revolution ..... July 34
In Praise of Ordinary Plants ..... Aug. 42
It's Time for a New Declaration of Independence ..... Sept. 46
Leverage – Use It to Make Life Easier ..... Oct. 48
More Weather Changes Are Coming ..... Nov. 42
You Speak Out on Personal Independence ..... Dec. 44

Equipment

Grinding Grain for Animal Feed .... Jan. 132
Keep Your Tools Clean ..... Mar. 66
Digging Without Pains and Aches ..... Apr. 76
Equipment for the Homestead Farm: Tractors ..... June 100
Cultivating with an Old Push Plow ..... July 57
Controlling Weeds with Rake and Hoe ..... July 71
Basic Equipment for Tractors ..... July 102
Choosing the Right Food Dryer ..... Aug. 66
On the Usefulness of the Home Flour Mill ..... Sept. 92
Buying a Home Grain Mill ..... Sept. 94
Good Food for the Youngest of All ..... Oct. 46
How to Choose – and Use – An Axe ..... Oct. 66
Using the Tiller to Make Land from Sand ..... Oct. 82
Full Steam Ahead with Your Pressure Canner ..... Oct. 94
Bring on the Scythe ..... Oct. 146
A Tiller's Work Is Never Done ..... Nov. 54

F

Fertilizers

Wood Ashes Are Worth Money! ..... Jan. 120
Clover: Queen of the Organic Farm ..... Mar. 174
Potash: The Plant-Growth Catalyst ..... June 138

Flowers

Grow Some 'Nose-Twisters' ..... Jan. 129
Perennials for Flowers in Spring, Summer and Fall ..... Mar. 74
Which Ornamental Crab Apple to Plant? ..... Mar. 94
Make Mine Red, White and Blue! ..... Apr. 78
How to Live with Teasels and Love Them ..... Apr. 110
Grow Champion Tuberous Begonias ..... Apr. 124
Vegetables in My Flower Patch ..... May 64
Four O'Clocks for Fun ..... June 52
Getting Started with Roses ..... June 94
Bring Mullein Back from the Weedy Wilds ..... July 63
Wild Morning Glory: From Foe to Friend ..... July 67
Flowering Cabbage and Kale to Eat ..... Aug. 148
My No-Care System for African Violets ..... Sept. 148
Sensitive Plant is Sensational ..... Oct. 104
The Bulbs of Autumn ..... Oct. 119
Start Tuberous Begonias for Summer Bloom ..... Dec. 118

Food Marketing

Regional Food Strategies ..... Jan. 138
How Good Is a Chemical Apple? ..... Jan. 179
What Your Time is Worth in a Market Garden ..... Feb. 84
Beggar's Banquet – A Unique Co-op ..... Feb. 154
New State Ag Programs Help Local Markets ..... May 136
If You Want to Be a Customer at a Farmers' Market – Start One ..... June 108

GURNEY Seed & Nursery Company
8311-CPage Street, Yankton, South Dakota 57078

Dear Mr. Gurney: Here's my nickle. Please send me your special packet of 200 Earlibell Tomato seeds. I'd like your free, full-color catalog.

name

street or route

zip no.

post office state

please fill in

GEORGE GURNEY

First to bear and tops for continuous yields.

Gurney's Earlibell TOMATOES

You'll have the first tomatoes in your neighborhood!

200 seeds only 5¢ ppd.

Here's my choice for THE BEST tomato! Gurney's Earlibells are fast growers, big producers, and ripen to smooth crimson fruit that's ideal for slicing, salads, and canning. Delicious, all purpose tomatoes, they take just 68 days from plant to table.

It's fun to grow your own tomatoes—especially when you can be sure of big, luscious beauties that taste just as good as they look. Order by mail now. Sorry, at this price only one packet per family.

GURNEY'S: FAMOUS FOR HARDY SEEDS AND PLANTS SINCE 1866.
